### 1. What is lord Sarahunaath secret Mars love story?

In Mangal, Param Prabhu Sarahunaath foretold by his divine power that his consort Gangadevi too would one day lose both her wings or meet an untimely death. Even then Gangadevi Param Prabhu did not reside in Sarahunaath's Jata. But Gangadevi was still not a goddess. Then she had a human form like a god maiden or a bird. She was flying in space with wings. But she got an undiagnosed disease and both her wings gradually started to rot. Because of this, the mistress Gangadevi, who was suffering hellish pain, was unable to fly in sky, unable to stand even with one arm cut off. This caused great pain on the mind of Param Prabhu Sarahunaath. Stirred. Even then Param Prabhu Sarahunaath had two wings behind

his back like a bird to fly in the sky like that consort Gangadevi.

Even though Param Prabhu Sarahunaath had so much divine power, he himself could not find any disease that infected his consort Gangadevi. Not marked. But the disease associated with Goddess Ganga was also prevalent in Kali Yuga. It became clear to Gangadevi herself and Param Prabhu Sarahunaath that the mistress Gangadevi, who was gradually losing both her wings due to cancer, would lose both her wings in the next few months and meet her untimely death. Because of that, Param Prabhu Sarahunaath traveled to the planet Jupiter in a hurry to bring a cure for his mistress Gangadevi's cancer and to meet other beings.

But by the time Param Prabhu Sarahunaath came back from Jupiter to the land of Mars, his mistress Gangadevi had lost both her wings due to cancer. And she died prematurely.

After the untimely death of the mistress Gangadevi, the wings of the deva maidens and the deva humans who were in the same space on Mars gradually got infected with cancer and started dying their wings. Some were dying prematurely. Unable to bear untimely death, Param Prabhu Sarahunaath tried desperately to find a solution to death. He could not find a solution to death even from the life signs of Jupiter, he came to earth and traveled to find a solution to death.

Param Prabhu Sarahunaath came to know that the mistress Gangadevi after her death was born in a natural human state in the earth. So Param Prabhu Sarahunaath tried to come to earth. At the same time, a woman was traveling on a ship in a dream on earth. She dreamed of a solution to death and the solution was to be found in the child born in my womb. Seeing it from the planet Mars with his divine knowledge, Sarahunaath came to

earth from the planet Mars and entered the womb of the staid woman. When he entered that woman's womb, the wings of the Supreme Lord Sarahunaath disappeared. They resembled the nature of ordinary mortals of the earth.

Next, the new moons were full for these women. But even though there was a baby in the womb, the baby had no life. Astonished by this, the blacks, through their Vedic treatment, used to treat the baby in the woman's womb with blowpipes and care for each other as if the baby inside the womb was not alive. At that time, the leader of a black kingdom entered the womb of this woman, the Supreme Lord Sarahunaath. The unborn child was alive.

### 3. How many temples are there have the Lord Sarahunaath in the Universe?

Since Lord Sarahunaath has had the most 80,000 temples around the earth, it means lord Sarahunaath has had the Kriti era to since 2022 Kali Yuga he has 80,000 temples around the globe.

Since January 01, 2020, Lord Shiva lingam has been dedicated to Lord Shiva in India and other countries. If a Shiva idol is behind Lord Shiva, such Temples are called Lord Sarahunaath Temple. And such idols have been proclaimed as Lord Sarahunaath. It was judged in the presence of Lord Shiva and Lord Sarahunaath, all the divine powers of the world, and the holy Gods of the crore Gods and Goddess.

All the gods had thus decided to recognize Shiva and Sarahunaath in the Kali Yuga. That is, wherever in the Universe, there is an idol of Shiva behind the Shiva lingam or just an idol of Shiva. It is called Sarahunaath. But if there is only Shiva lingam, it is called Shiva because Shiva had no form. Because of this, all the gods had settled their form through Sarahunaath.

EB (Earth Before) once in the kriti era, lord Sarahunaath suffered from lack of energy. Because of that, they lost their fighting spirits. In other words, no one believed that the supreme lord Sarahunaath was Shiva himself in kriti era. Didn't believe it. When Shiva is in lingam form it is called Shiva. But, if the same Shiva rises to kill devils or giants, then Shiva becomes lord Sarahunaath.

Since Shiva really had no form, he appeared as lord Sarahunaath for the benefit of the devotees. Today only the lingam seen in the world is identified as the Shiva idol as lord Sarahunaath. Lord Sarahunaath is a Shiva. But if the same lord Sarahunaath gets absorbed in Shiva lingam, then he becomes Shiva lingam. So the lingam is called Shiva and the idol of Shiva is called lord Sarahunaath.

But, lord Sarahunaath is a not incarnation of lord Shiva; but lord Sarahunaath is a Shiva. So for that lord Sarahunaath and Shiva absolute gods in the universe. And even lord Sarahunaath god have the 80, 000 temples in around the Globe.

### 4. Where does Sarahunaath live now and abode?

Lord Sarahunaath: 'The Auspicious One, also known as Sarah Nagarazan and Sarvanaath. 'The Great God' is one of the Principal deities of Hinduism and Signiesm. He is the most Supreme Being in Shaivism, one of the major traditions within Hinduism and Signiesm.

#### In the Universe Abode:

The sun and the moon are in the line between the seven solar systems and the site of the God of the Universe. They have a full deity in their possession.

**In the Earth Abode:** Mount Himalaya, Devanagari, Himagiri Nation, and Kailash

### 5. In holy Hinduism and in the universe there are only three almighty gods.

In holy Hinduism there are only three Almighty Gods. The remaining gods and goddesses are avatars of Vishnu and Shiva and Ganas and Shaktis of Vishnu and Shiva. Puranas also say that there are 33 crore Gods in the holy Hindu religion with all the Ganas and Shaktis of Vishnu and Shiva. Clarifying. In the sacred Hindu religion which man worships daily, Sri Anjaneyaswamy, Sri Krishna, Narasimha, Muneswara Swami, Shanideva, Veerabhadra, Kalabhairava, Sri Rama, Khandoba, Matagatu, the female deities are also Shaktis of Vishnu and Shiva, excluding Shiva and Vishnu. But the energies of Vishnu and Shiva, Ganas have more power than the energies of Vishnu and Shiva.

Also Saints, Yogis and Avadhutas are on earth in incarnations of the energies of Vishnu and Shiva. Also under the lordship of Vishnu and Shiva there will be plenty of Shakti and Ganas will be devas. For example Sri Anjaneya Swami is the messenger of Sri Rama, Parvati is the messenger of Lord Shiva. Similarly, Gangadevi, Naga, Kalinga, Veerabhadra, Kalabhairava, Panjurli, Mantragana, Bobbarya, Kalabhairavi, Yakshini, Bhutaraya and so on are all messengers of Shiva.

However, apart from Vishnu, Shiva and Sarahunath in the holy Hindu religion, there are 33 Gods in the religion, with the belief that messengers, messengers, saints, yogis and shaktis are worshiped as gods.

So only Vishnu, Sarahunath and Shiva are called as Almighty in Hinduism. In most holy Hinduism, angels, saints, avadhutas, yogis, shaktis and ganas are called Gods. But He is not Almighty God. The Supreme Lord is Sarahunath, Vishnu and Shiva alone.

There is no almighty God in holy Christianity anymore. But there are many saints, angels and angels in holy Christianity. But all of them are worshiped only as gods, except Lord Sarahunaath, Vishnu and Shiva, the other 33 crore gods of holy Hinduism. believed But He is not Almighty God. Likewise, in holy Christianity, Jesus and others are all saints, angels, and angels. Because they have come to earth as per the order of Almighty God and are working according to God's order. But He Himself is not the Almighty God.

There is no almighty god in the holy Muslim religion anymore. But they are also worshipping angels, pakkirs and jinn like holy Christianity. Jinns are those who have the form of demons or angels. But even in this religion, the Almighty Lord like Lord Shiva, Vishnu and Sarhunatha did not appear. But apart from the holy Hindu religion, the holy Christian and Muslim religions believe that there is one Almighty God. But no one could see the Almighty God.
